FIST researchers, Dr Izan Izwan Misnon, Dr Saiful Kamaluddin Muzakir and Dr Nazikussabah Zaharuddin won Bronze Medal during Seoul International Invention Fair 2018 on 6-9 December 2018.

Palm-O-Lite is a formulated palm oil-based aerosol designed as anti-sticking agent for culinary applications, suitable for low fat intake and healthy lifestyle.

Student Mobility to Kazakhstan
1 Feb 19’ – FIST waved farewell to three Industrial Biotechnology students flying to Kazakhstan, for the student mobility program at the Suleyman Demirel University (SDU) for Semester II 2018/2019.

FIST hopes that the students will gain invaluable experience during their 5-months study at the SDU’s Faculty of Education and Humanities. All the best!

iGOT: Do you have what it takes?
14 Feb 19’ – Postgraduate students as well as their supervisors pondered on the excitement as well as the trials and tribulations of the postgraduate journey.

The floor was lucky to have the guest speaker, Prof Dr Nor Haniza Sarmin, a professor of Mathematics from Universiti Teknologi Malaysia, to share her perspectives and tips and tricks for on-time graduation.

Collaboration on Data Science with Neu Zenith Sdn Bhd
20 Feb 19’ – FIST welcomed Neu Zenith Sdn Bhd to the faculty for an exciting collaboration on Data Science. A non-disclosure agreement was signed between the faculty and the company, represented by Mr Mia Idorman Ismail and Mr Aiman Mohd Ali, during the meeting.

The meeting was also attended by the Dean, Assoc. Prof. Dr Mohd Hashil Ab Rahman and the Assistant Vice-Chancellor (Industry Partnership & Community Relation Department), Prof Dr. Jamil Ismail.

New academic program: Data Science
We are proud to announce that our new program, the Bachelor of Applied Science (Honours) Data Science, in 2u2i mode, will potentially be offered in September 2019.

Math Bootcamp 1.0: Learn with Skittles and pie
10 Dec 18’ – Primary schoolers enjoyed fun activities while learning mathematical concepts such as fractions, ratio and pie charts by using candies as the subject matter for the activities. These activities were designed in such a way to help students comprehend abstract concepts as well as to encourage teamwork when dealing with a set of problems.

We would like thank 50 students and the teachers from SK Seri Melati, SK Mat Kila and SK Bunut Rendang for their enthusiastic participation!
